Montgomery County Cemetery Inventory Photograph Log

- Before you begin, create a folder in your photo app on your mobile device. Name the folder to match the ID number of that cemetery, i.e., 059 or 254. Each cemetery you are assigned should have its own folder. All photos should be stored in this folder.
- Please take a variety of photos that capture the proximity from the main road, size, and vicinity of the burial site. Move in a clockwise direction through the cemetery to capture your movement chronologically.
- If your mobile device has a panoramic function, take two panoramic photos from the **center** of the cemetery. Establish where true North is and take one panoramic from West-North-East and the second from East-South-West.
- List the time and date of each photograph and include the direction you are facing.
- Photo files (***and a photo of this completed form***) may be emailed to mococems@gmail.com or uploaded to <https://tinyurl.com/mococems>
