

## FRIENDS OF MOSES HALL

**Friends of Moses Hall** are thrilled and honored to announce that the **National Trust for Historic Preservation** has named the *Morningstar Tabernacle No. 88 Order of Moses Cemetery and Hall* site in Cabin John, Maryland one of **America's 11 Most Endangered Historic Places of 2021**.

*“Saving the Morningstar Moses Cemetery and Hall site is how we make good on promises to expand our infrastructure in an equitable way without further destruction of communities of color. Past disregard for the heritage of the community of Gibson Grove in transportation projects has already resulted in the loss of an important part of our full American story. This endangered listing challenges us to do the right thing today as we expand our infrastructure, so there will be no additional wrong to correct in the future, and it also calls attention to the threats facing African American cemeteries across the country.”*
