Tobytown Cemetery (#178) (5 pages)

Cemetery Description:

**TOBYTOWN CEMETERY
ID # 178**

River

Small, African-American community cemetery bordered by rectangular 3-foot chain-link fence. Located at edge of woods behind houses at end of Tobytown Road, near south side of Falls Road. Approximately 15 to 20 fieldstones are located in the eastern half of the fenced area. One stone contains crude engraving; text is illegible. Date range of burials impossible to determine. Does not appear to be an active cemetery. Area is partially wooded and appears to be only semi-regularly maintained. Tall grass and weeds throughout. No paths. *Some trees*

In danger of disappearing because of small scale of stones. Likely many more burials than there are stones for.
