I'll pass this along to Anne Brockett, who will let you know if we inventoried this site this year. I'm heartened to learn that they show on the current development plan. That's progress!!!

Do either of you know anything about the graveyard that supposedly is on the site of current development on east side of Georgia Avenue just north of Olney? Perhaps black internees.

is the committee/database aware of two graves in Clarksburg that are being threatened by the Cabin Branch subdivision development (pending site plan review) north of West Old Baltimore Road, west of Rt. 355? the graves are of William Shaw and Elizabeth Shaw and show on the (current) development plan.

I have no further information.
