 Registered Professional Engineer and Land Surveyor

gap or possible overlap on West side of Savage and Delphy. The deed of John E. West for all of the area East of Seneca Creek (Liber EBP 28 Folio 434) ran to the East bank of Seneca Creek. Later deeds from West do not in some deeds indicate running to the East bank. The deed of Harry Y. Pierpoint for part of Seneca Creek runs also to the East Bank (L. 1107 F. 38). The location of the East bank can not be established since bulkheads have been constructed in this area.
