

## 70. Interactive Outdoor Music and Art (Recreation Element)

**Definition** A feature within a public open space that allows play with musical sounds, climbable sculptures or interactive fountains.

**Design Criteria** Overall design scheme and details, including materials, form, size, proportions, media, number of pieces and capacity are critical to the successful integration of art and must be approved by the Planning Board as to the site-specific appropriateness. Installations should promote safe play for all ages and ability types.
