

HISTORIC PRESERVATION COMMISSION

Marc Elrich
County Executive

Sandra I. Heiler
Chairman

Date: November 23, 2020

MEMORANDUM

TO: Mitra Pedoeem
Department of Permitting Services

FROM: Dan Bruechert
Historic Preservation Section
Maryland-National Capital Park & Planning Commission

SUBJECT: Historic Area Work Permit # 931186 - Porch Alterations

The Montgomery County Historic Preservation Commission (HPC) has reviewed the attached application for a Historic Area Work Permit (HAWP). This application was **approved** at the November 18, 2020 HPC meeting.

The HPC staff has reviewed and stamped the attached construction drawings.

THE BUILDING PERMIT FOR THIS PROJECT SHALL BE ISSUED CONDITIONAL UPON ADHERENCE TO THE ABOVE APPROVED HAWP CONDITIONS AND MAY REQUIRE APPROVAL BY DPS OR ANOTHER LOCAL OFFICE BEFORE WORK CAN BEGIN.

Applicant: Ingrid Carter
Address: 7302 Maple Ave., Takoma Park

This HAWP approval is subject to the general condition that the applicant will obtain all other applicable Montgomery County or local government agency permits. After the issuance of these permits, the applicant must contact this Historic Preservation Office if any changes to the approved plan are made. Once work is complete the applicant will contact Dan Bruechert at 301.563.3400 or dan.bruechert@montgomeryplanning.org to schedule a follow-up site visit.

APPROVED

Reliable Membrane for New Construction or Re-Roofing Projects.

Since 2000, the Tremco Roofing TPA membrane has been widely used for both new construction and re-roofing on such buildings as manufacturing plants, distribution warehouses, office buildings, shopping malls, schools and hospitals, as well as on extreme applications such as restaurants, automotive assembly plants and airports.

Two options are available to ensure that we can cover virtually any roof, no matter how complex: the white, reflective Tremco Roofing TPA and Tremco Roofing TPA FB (Fleece Backed) membranes. The durable, flexible Tremco Roofing TPA membrane is an excellent choice for roofs that have numerous structures and penetrations. With its polyester fleece backing, the TPA FB membrane is the right choice when you have a concrete roof deck or challenging curves and slopes.

Whether you choose the Tremco Roofing TPA or Tremco Roofing

TPA FB membrane, you'll enjoy benefits like exceptional weatherproofing, a more sustainable facility, potentially lower energy use, expert installation and an excellent warranty.
