**RE: 5615 Midwood Road, Bethesda, MD  
Greenwich Forest Historic District (#35/165)  
Historic Preservation review pursuant to County Code Chapter 24A-06**

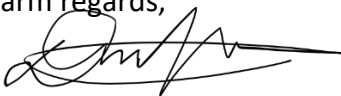

Dear Property Owner,

The above-referenced proposal has been received and reviewed. The project is located at 5615 Midwood Road, Bethesda within the Greenwich Forest Masterplan Historic District (35/165). It involves the replacement of two non-historic wood windows with new wood windows.

It is my opinion that this is an in-kind window replacement. Therefore, I find that no further review under the Montgomery County Historic Preservation Ordinance (Chapter 24A-06) is warranted. A Historic Area Work Permit (HAWP) is not necessary, unless changes are made to the current plans. Please secure all necessary building permits from the Department of Permitting Services.

If you have any questions or need to discuss this matter, please feel free to contact me at 301-495-1328 or [devon.murtha@montgomerycounty.org](mailto:devon.murtha@montgomerycounty.org).

Warm regards,

Devon Murtha
