**RE: 5609 Midwood Road, Bethesda, MD
Greenwich Forest Historic District (#35/165)
Historic Preservation review pursuant to County Code Chapter 24A-06**

Dear Property Owner,

The above-referenced proposal has been received and reviewed. The project is located at 5609 Midwood Road, Bethesda, within the Greenwich Forest Historic District (#35/165). It involves the partial reconstruction of the rear porch. This application was originally applied for under HAWP #1112771. Our office will request that the Department of Permitting Services purge this HAWP application.

It is my opinion that this is an in-kind porch replacement. Therefore, I find that no further review under the Montgomery County Historic Preservation Ordinance (Chapter 24A-06) is warranted. A Historic Area Work Permit (HAWP) is not necessary, unless changes are made to the current plans. Please secure all necessary building permits from the Department of Permitting Services.

If you have any questions or need to discuss this matter, please feel free to contact me at 301-495-2167 or devon.murtha@montgomerycountymd.gov

Warm regards,

Devon Murtha
