SEE REVERSE SIDE FOR INSTRUCTIONS

THE FOLLOWING ITEMS MUST BE COMPLETED AND THE REQUIRED DOCUMENTS MUST ACCOMPANY THIS APPLICATION.

1. WRITTEN DESCRIPTION OF PROJECT

- a. Description of existing structure(s) and environmental setting, including their historical features and significance:

TAKOMA PARK HISTORIC DISTRICT

- b. General description of project and its effect on the historic resource(s), the environmental setting, and, where applicable, the historic district:

None. Will pay for replacement fees for
new islands on Aney Branch Road.

2. SITE PLAN

Site and environmental setting, drawn to scale. You may use your plat. Your site plan must include:

- the scale, north arrow, and date;
- dimensions of all existing and proposed structures; and
- site features such as walkways, driveways, fences, ponds, streams, trash dumpsters, mechanical equipment, and landscaping.

3. PLANS AND ELEVATIONS

You must submit 2 copies of plans and elevations in a format no larger than 11" X 17". Plans on 8 1/2" X 11" paper are preferred.

- Schematic construction plans, with marked dimensions, indicating location, size and general type of walls, window and door openings, and other fixed features of both the existing resource(s) and the proposed work.
- Elevations (facades), with marked dimensions, clearly indicating proposed work in relation to existing construction and, when appropriate, context. All materials and fixtures proposed for the exterior must be noted on the elevations drawings. **An existing and a proposed elevation drawing of each facade affected by the proposed work is required.**

4. MATERIALS SPECIFICATIONS

General description of materials and manufactured items proposed for incorporation in the work of the project. This information may be included on your design drawings.

5. PHOTOGRAPHS

- Clearly labeled photographic prints of each facade of existing resource, including details of the affected portions. All labels should be placed on the front of photographs.
- Clearly label photographic prints of the resource as viewed from the public right-of-way and of the adjoining properties. All labels should be placed on the front of photographs.

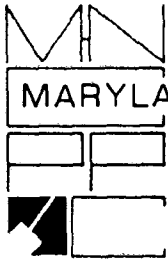

6. TREE SURVEY

If you are proposing construction adjacent to or within the dripline of any tree 6" or larger in diameter (at approximately 4 feet above the ground), you must file an accurate tree survey identifying the size, location, and species of each tree of at least that dimension.

7. ADDRESSES OF ADJACENT AND CONFRONTING PROPERTY OWNERS

For all projects, provide an accurate list of adjacent and confronting property owners (not tenants), including names, addresses, and zip codes. This list should include the owners of all lots or parcels which adjoin the parcel in question, as well as the owner(s) of lot(s) or parcel(s) which lie directly across the street/highway from the parcel in question. You can obtain this information from the Department of Assessments and Taxation, 51 Monroe Street, Rockville, (279-1355).

Please print (in blue or black ink) or type this information on the following page. Please stay within the guides of the template, as this will be photocopied directly onto mailing labels.

THE MARYLAND-NATIONAL CAPITAL PARK AND PLANNING COMMISSION

8787 Georgia Avenue • Silver Spring, Maryland 20910-3760

DATE: 4/12/96

MEMORANDUM

TO: Historic Area Work Permit Applicants

FROM: *WMC* Gwen Marcus, Historic Preservation Coordinator
Design, Zoning, and Preservation Division
M-NCPPC

SUBJECT: Historic Area Work Permit Application - Approval of
Application/ Release of Other Required Permits

Enclosed is a copy of your Historic Area Work Permit application, approved by the Historic Preservation Commission at its recent meeting, and a transmittal memorandum stating conditions (if any) of approval.

You may now apply for a county building permit from the Department of Environmental Protection (DEP), at 250 Hungerford Drive, Second Floor, in Rockville. Please note that although your work has been approved by the Historic Preservation Commission, it must also be approved by DEP before work can begin.

↙ *To Takoma Park*
When you file for your building permit at DEP, you must take with you the enclosed forms, as well as the Historic Area Work Permit that will be mailed to you directly from DEP. These forms are proof that the Historic Preservation Commission has reviewed your project. For further information about filing procedures or materials for your county building permit review, please call DEP at 217-6370.

If your project changes in any way from the approved plans, either before you apply for your building permit or even after the work has begun, please contact the Historic Preservation Commission staff at 495-4570.

Please also note that you must arrange for a field inspection for conformance with your approved HAWP plans. Please inform DEP/Field Services at 217-6240 of your anticipated work schedule.

Thank you very much for your patience and good luck with your project!

HISTORIC PRESERVATION COMMISSION STAFF REPORT

Address: 7324 Piney Branch Road Meeting Date: 4/10/96
Resource: Takoma Park Historic District Review: HAWP - RETROACTIVE
Case Number: 37/3-96J Tax Credit: No
Public Notice: 3/27/96 Report Date: 4/3/96
Applicant: Louis H. D'Ovidio Staff: Robin D. Ziek
PROPOSAL: Remove two trees **RECOMMEND:** APPROVAL

DATE OF CONSTRUCTION: c1915-1925

SIGNIFICANCE: Individual Master Plan Site
 Within a Master Plan Historic District
 Outstanding Resource
 Contributing Resource
 Non-Contributing/Out-of-Period Resource

ARCHITECTURAL DESCRIPTION

Bungalow with extensive landscaping.

PROPOSAL

Remove two mature trees from the rear yard to provide more sun. One tree is a 12" cherry, and one is an 8" maple.

STAFF DISCUSSION

The applicant applied for the tree permit with the City of Takoma Park, and was not informed at that time, by the City, of the requirement to apply to the HPC as well. In addition, the applicant claims they didn't know the HPC review included removal of mature trees. After having received a permit from the City of Takoma Park, the applicant proceeded to line up a contractor. At this point, the City informed the applicant of the need to apply to the HPC, and the applicant evidently both applied for the HAWP and permitted the contractor to proceed to remove the trees.

Staff feels that there are two separate issues in this application. The first, of course, is whether or not the HPC would have approved the removal of the two trees if the applicant had come before the HPC prior to cutting them down. Staff would recommend approval based on the rear yard location of the two trees, the fact that they were both still relatively young trees, the fact that there is substantial landscaping in the yard and this has a minimal impact on the Historic District. In addition, the City of Takoma Park requires compensation from the applicant for permission to remove the trees in the form, in this case, of funding to pay for new trees to be planted in the public right-of-way on Piney Branch.

However, the issue of whether the public is aware of the need to come before the HPC for matters regarding the exterior of their property continues to be a problem both for the HPC and for the applicants. It is required that the HPC be involved in decisions regarding the exterior of properties located within the Historic District prior to any action being taken. And, of course, it is much simpler for the applicant to proceed in accordance with the County law.

1

Staff feels, in this case, that Staff and the HPC will continue to promote the requirements of the law through our newsletter, local papers, and cooperation with local jurisdictions. Perhaps the HPC would like to reinforce our agreement with the City that a permit for the removal of trees shall not be granted prior to HPC review and approval by writing a letter. Staff notes, however, that the City has fairly recently hired an arborist to review these projects, and Mr. Busciano is aware of the HPC review/approval requirement. He has recently appended a map of the Takoma Park Historic District to the tree removal application, so that applicants must address the issue of whether or not they are in the Historic District. This should greatly improve the situation and prevent such confusion as has been evidenced in this application.

STAFF RECOMMENDATION:

Staff recommends that the Commission find the proposal consistent with the purposes of Chapter 24A-8(b)2:

The proposal is compatible in character and nature with the historical, archeological, architectural or cultural/ features of the historic site, or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter;

Mr. D'Ovidio

7324 Piney Branch Rd.

Takoma Park, Md 20912 565-3939

Dear Mr. D'Ovidio

There being no appeals filed with the City of Takoma Park in opposition to your permit request to remove tree(s) located on your property, your request will be approved and a permit issued when you meet the tree replacement requirements of the City of Takoma Park Tree Ordinance No. 1995-5 as stated below:

Replacement trees shall be nursery stock trees with a minimum size of 2 1/2 inches in caliper for deciduous trees, or 10 feet in height for evergreen trees and guaranteed for one (1) year. Trees must be planted within six (6) months of signed agreement.

Number of 2 1/2 inch caliper trees

1 8" ~~Tulip poplar~~ MAPLE

1 12" Cherry

OR

Signature

Date

[Handwritten Signature] 3/1/76

Where it is not feasible or desirable to replace trees on site, the replacement requirement may be satisfied by planting trees at another location within the City or by a contribution equivalent to the installed market value of the required replacement trees to the City's tree planting fund.

Value

\$ 160.00 each

Signature

Date

[Handwritten Signature] 3/1/76

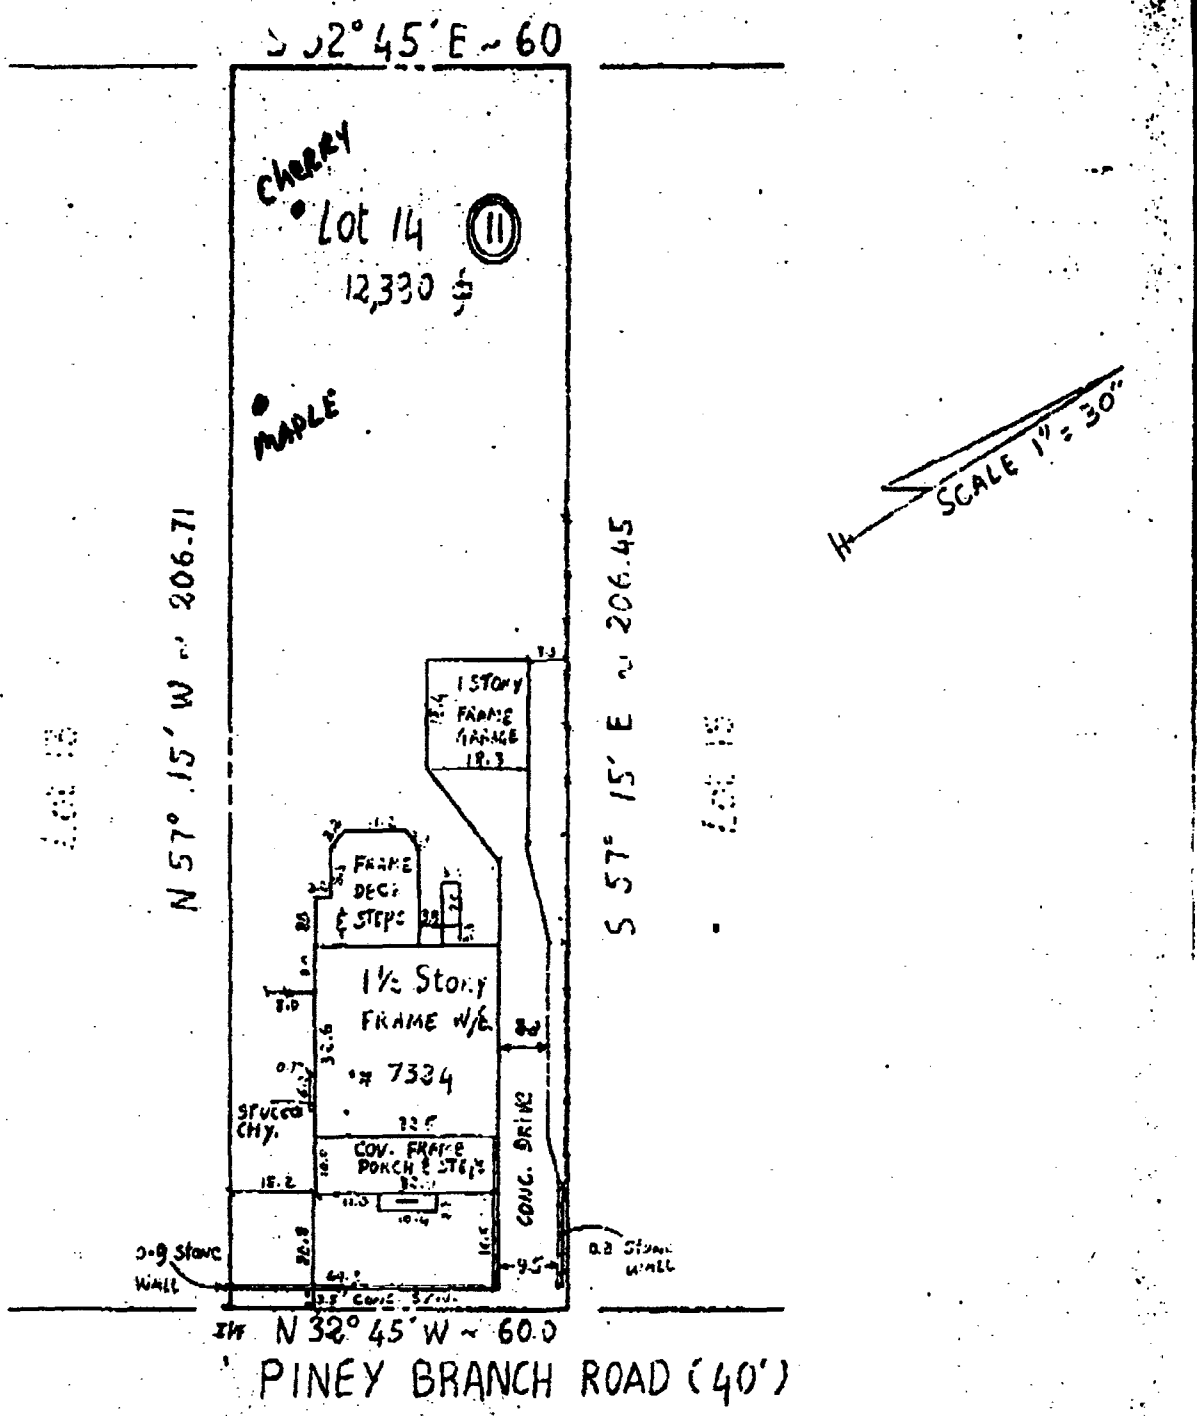

Your permit will be issued upon receipt of this signed tree planting agreement or payment of replacement tree cost and, if applicable, a Historical permit. Check should be made out to the City of Takoma Park, and submitted to the City of Takoma Park Public Works, 31 Oswego Avenue, Silver Spring, Md. 20910.

Sincerely,

[Handwritten Signature]
Willis Shafer
Public Works Coordinator

RETURN THIS LETTER TO THE PUBLIC WORKS DEPARTMENT WITH YOUR ACKNOWLEDGEMENT, BY SIGNATURE, NEXT TO YOUR DECISION. IF IT IS YOUR DECISION NOT TO CUT THE TREES DOWN THAT YOU HAVE REQUESTED A PERMIT FOR, PLEASE SO STATE AND RETURN THIS LETTER. THANK YOU.

Azalea Society of America

Oct. 15, 1979

Mr. Louis H. O'vidio
7324 Piney Branch Road
Takoma Park, Md. - 20910

Dear Mr. O'vidio:

Your request to the Azalea Society of America for an opinion relative to the historic significance of the Azalea and Rhododendron plantings, in the valley, to the rear of the B.Y. Morrison home and those adjacent to it, has been ^{given} our careful consideration.

The inspection made by Mrs. Alice Holland, George W. Harding and me, leads us to conclude that there are probably many azaleas existing here which are no longer commercially available or are to be found only in rare private collections.

Some are unquestionably seed parents of the famous Glendale Hybrids, developed by Mr. Morrison and are probably of historic significance.

Sincerely,

Neil P. Campbell, President
Azalea Society of America

CUTTINGS GIVEN TO W.HARDING BY B.Y.MORRISON, FRUIT PLANTS IN HIS HOME GARDEN - Sept., 1954

Commercial Japanese Kurume, presumably renamed in the United States

- o Apple Blossom, pale pink
- Avalanche, white
 - Bouquet Rose, rose pink
- Bridesmaid, pink
 - Cattleya, pink darker on margin
 - Cherry Blossom, very pale shaded pink
- Daybreak, pale pink
 - Delicatissima, very pale pink
- Flame, early red, much like kaempferi
- Lavender Queen, lavender
 - Orange Queen, salmon rather than orange
 - Peach Blow, salmon pink
- Pink Pearl, hose-in-hose, light salmon pink
 - Salmon Beauty, a trifle darker than Pink Pearl
- Sunstar, red shaded pink
- Sweet Brier, small flowered, deep rose pink
 - Yayegiri, flame red

Kurumes from Coolidge Rare Plant Gardens, Pasadena, Cal.

- Algiers, deep rose pink
- Cherry Ripe, deep crimson
- Crabapple, shaded pink
- Flamingo, red, close to kaempferi
- Shimmer, rose pink

Miscellaneous types - in effect like *R. mucronatum* forms

- Evening Star, white, Coolidge Rare Plant Gardens
- Hortense (not *Hortensia*) lavender pink
 - Lorraine, much like Hortense
- Pagentry, Lavender, Coolidge Rare Plant Gardens

Japanese Kurumes: some duplication of Glendale material

- Hatsunami
- Ho-korobi
- Kagarini
- Karenka
 - Kyo-no-Tsumibana, red to Tyrian Red
 - Kyu-Miyagimo, deep rose pink
 - Ogi-Kasane
- Oi-no-mezame
- Warai-gao

Miscellaneous Japanese clones

- Hatsushima, macronatum type, early pale pink, edged white
- Ho-oden, Late, H&H, pink over white
- Mai-hime, very late, large rose pink
- Mikawa murasaki, pale rose purple, midseason
- Usuyo, midseason red purple, linearifolium clone

According to Rehder

- Warai-gishi, late, double rose pink "macrantha"
- Yosakura, late, beautiful pinkish lavender

American Kurume - Perhaps Dr. Coville ?
Rose, deep rose red

Japanese "macrantha" renamed here, by whom or why is not known.

- Salmonea, late rose pink with some darker dotting on upper lobe

Note:

All descriptions are B.Y.Morrison's
