SEE REVERSE SIDE FOR INSTRUCTIONS 37/3-01K

**THE FOLLOWING ITEMS MUST BE COMPLETED AND THE REQUIRED DOCUMENTS
MUST ACCOMPANY THIS APPLICATION**

1. WRITTEN DESCRIPTION OF PROJECT

- a. Description of existing structure(s) and environmental setting, including their historical features and significance:

Arts & Crafts Bungalow

- b. General description of project and its effect on the historic resource(s), the environmental setting, and, where applicable, the historic district:

See attached letter

2. SITE PLAN

Site and environmental setting, drawn to scale. You may use your plat. Your site plan must include:

- the scale, north arrow, and date;
- dimensions of all existing and proposed structures; and
- site features such as walkways, driveways, fences, ponds, streams, trash dumpsters, mechanical equipment, and landscaping.

3. PLANS AND ELEVATIONS

You must submit 2 copies of plans and elevations in a format no larger than 11" X 17". Plans on 8 1/2" X 11" paper are preferred.

- Schematic construction plans, with marked dimensions, indicating location, size and general type of walls, window and door openings, and other fixed features of both the existing resource(s) and the proposed work.
- Elevations (facades), with marked dimensions, clearly indicating proposed work in relation to existing construction and, when appropriate, context. All materials and fixtures proposed for the exterior must be noted on the elevations drawings. **An existing and a proposed elevation drawing of each facade affected by the proposed work is required.**

4. MATERIALS SPECIFICATIONS

General description of materials and manufactured items proposed for incorporation in the work of the project. This information may be included on your design drawings.

5. PHOTOGRAPHS

- Clearly labeled photographic prints of each facade of existing resource, including details of the affected portions. All labels should be placed on the front of photographs.
- Clearly label photographic prints of the resource as viewed from the public right-of-way and of the adjoining properties. All labels should be placed on the front of photographs.

6. TREE SURVEY

If you are proposing construction adjacent to or within the dripline of any tree 6" or larger in diameter (at approximately 4 feet above the ground); you must file an accurate tree survey identifying the size, location, and species of each tree of at least that dimension.

7. ADDRESSES OF ADJACENT AND CONFRONTING PROPERTY OWNERS

For all projects, provide an accurate list of adjacent and confronting property owners (not tenants), including names, addresses, and zip codes. This list should include the owners of all lots or parcels which adjoin the parcel in question, as well as the owner(s) of lot(s) or parcel(s) which lie directly across the street/highway from the parcel in question. You can obtain this information from the Department of Assessments and Taxation, 51 Monroe Street, Rockville, (279-1355).

Please print (in blue or black ink) or type this information on the following page. Please stay within the guides of the template, as this will be photocopied directly onto mailing labels.

THE MARYLAND-NATIONAL CAPITAL PARK AND PLANNING COMMISSION
8787 Georgia Avenue • Silver Spring, Maryland 20910-3760

Date: _____

MEMORANDUM

TO: Historic Area Work Permit Applicants

FROM: Gwen Wright, Coordinator
Historic Preservation Section

SUBJECT: Historic Area Work Permit Application - Approval of Application/Release of
Other Required Permits

Enclosed is a copy of your Historic Area Work Permit application, approved by the Historic Preservation Commission at its recent meeting, and a transmittal memorandum stating conditions (if any) of approval.

You may now apply for a county building permit from the Department of Permitting Services (DPS) at 255 Rockville Pike, second floor, in Rockville. Please note that although your work has been approved by the Historic Preservation Commission, it must also be approved by DPS before work can begin.

When you file for your building permit at DPS, you must take with you the enclosed forms, as well as the Historic Area Work Permit that will be mailed to you directly from DPS. These forms are proof that the Historic Preservation Commission has reviewed your project. For further information about filing procedures or materials for your county building permit review, please call DPS at 240-777-6370.

If your project changes in any way from the approved plans, either before you apply for your building permit or even after the work has begun, please contact the Historic Preservation Commission staff at 301-563-3400.

Please also note that you must arrange for a field inspection for conformance with your approved HAWP plans. Please inform DPS/Field Services at 240-777-6210 or online @ permits.emontgomery.org of your anticipated work schedule.

Thank you very much for your patience and good luck with your project!

C:\hawpapr.wpd

5. Parge existing concrete block retaining wall and add bluestone coping.
6. Lay new bluestone on existing concrete block steps.
7. Build new stone steps.
8. Lay new stone walls.
9. Install new plantings.
10. Build new fence/trellis along garden side of the garage. (Design not submitted to staff. Applicant requesting location to be approved and design to be approved at staff level.)

STAFF RECOMMENDATION:

Approval
 Approval with conditions:

Approval is based on the following criteria from Chapter 24A of the Montgomery County Code, Section 8(b): The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

1. The proposal will not substantially alter the exterior features of an historic site, or historic resource within an historic district; or

2. The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site, or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

3. The proposal would enhance or aid in the protection, preservation and public or private utilization of the historic site, or historic resource located within an historic district, in a manner compatible with the historical, archeological, architectural or cultural value of the historic site or historic district in which an historic resource is located, or

4. The proposal is necessary in order that unsafe conditions or health hazards be remedied; or

5. The proposal is necessary in order that the owner of the subject property not be deprived of reasonable use of the property or suffer undue hardship; or

6. In balancing the interests of the public in preserving the historic site, or historic resource located within an historic district, with the interests of the public from the use and benefit of the alternative proposal, the general public welfare is better served by granting the permit.

Policy On Use of Expedited Staff Reports for Simple HAWP Cases

This policy is developed with the understanding that:

- I. The HPC's policy regarding in-kind replacements has not changed, that is, all replacements of exterior features with exactly matching materials may be done without a HAWP.
- II. Staff will continue to notify Local Advisory Panel (LAP), and adjacent and confronting owners of all HAWP applications and, if a neighbor or the LAP is known to object to a proposal, the Expedited Staff Report will not be used.
- III. If, because of the specifics of the case, staff is uncertain whether the Expedited Staff Report format is appropriate, or if an applicant requests it, the Standard Staff Report will be used.
- IV. The Expedited Staff Report format may be used on the following type of cases:
 1. Alterations to properties on which the Maryland Historical Trust (MHT) holds an easement and which have been reviewed and approved by the MHT Easement Committee.
 2. Modifications to a property which do not significantly alter its visual character. These include, but are not limited to:
 - A. Repair or replacement of masonry foundations with new materials that match the original closely.
 - B. Installation of vents, venting pipes, and exterior grills.
 - C. New installation of gutters.
 3. Removal of asbestos, asphalt, or other artificial siding when the original siding is to be repaired, and, where necessary, replaced in kind.
 4. Removal of accessory building that are not original to the site or otherwise historically significant.
 5. Replacement of missing architectural details, provided that at least one example of the detail to be replaced exists on the house, and/or physical or documentary evidence exists that illustrates or describes the missing detail or details.
 6. Signs that are in conformance with all other County sign regulations.

7. Construction of wooden decks that are at the rear of a structure and are not readily visible from a public right-of-way. This applies to all categories of resources: Outstanding, Contributing, Individually Designated Sites, or Non-contributing.
8. Replacement of roofs on non-contributing or out-of-period building, as well as new installation of historically appropriate roofing materials on outstanding and contributing buildings..
9. Installation of exterior storm windows or doors that are compatible with the historic site or district in terms of material or design.
10. Construction of fences that are compatible with historic site or district in terms of material, height, location, and design. Requests for fences higher than 48" to be located in the front yard of a property will not be reviewed using an Expedited Staff Report.
11. Construction or replacement of walkways, parking areas, patios, driveways or other paved areas that are not readily visible from a public right-of-way and/or are compatible in material, location, and design with the visual character of the historic site or district.
12. Construction or repair of retaining walls where the new walls are compatible in material, location, design and height with the visual character of the historic site or district.
14. Construction or replacement of storage and small accessory buildings that are not readily visible from a public right-of-way.
15. Landscaping, or the removal or modification of existing planting, that is compatible with the visual character of the historic site or district.

Re: Lopez / Fisher Residence
6810 Westmoreland Avenue
Takoma Park, MD 20912

Dear Commissioners & Staff:

Below is the project description for the Lopez / Fisher Residence in the Takoma Park Historic District. It is as follows:

Front yard and side yards

1. Build new stone retaining wall along the driveway
The wall will be 30" maximum along driveway and we will grade to curb height (6") at the front walkway. The existing concrete walkway is to remain and stone selected is to complement the color of the concrete steps and concrete stone piers of the house
2. Construct new stone curb along the side walk
3. Plant new landscaping
4. Set flagstone stepping stones
5. Build stone curb and steps along the driveway
6. Construct new window box utilizing the existing window box brackets

Rear garden

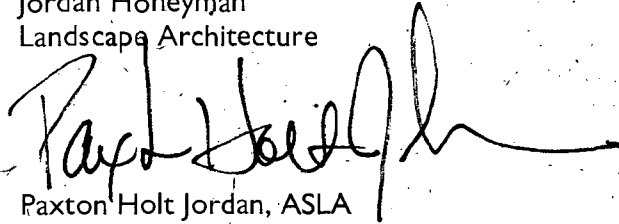

1. Enclose existing concrete block garage utilizing salvaged exterior rear door and a one over one double hung window. The new enclosed garage is to be used for garden storage and utility shed.
2. Erect new 3'-4' picket fence with gate. The height is to match the existing concrete block retaining wall.
3. Build new on grade deck
4. Relay flagstone patio into new layout
5. Parge existing concrete block retaining wall and add bluestone coping.
6. Lay new bluestone on existing concrete block steps
7. Build new stone steps
8. Lay new stone walls
9. Install new plantings
10. Build new fence/trellis along garden side of the garage

Historic Preservation Commission
Montgomery County, MD
Lopez / Fisher Residence
April 17, 2001
Page 2 of 2

At this date, the garage enclosure and fence trellis along the garage are conceptual. We would like approval of the concept that could be staff approved at a later date.

Thank you for your consideration. Please call if you have any questions and I look forward to seeing you May 9, 2001.

Sincerely,
Jordan Honeyman
