MEMORANDUM

TO: Robert Hubbard, Director Department of Permitting Services

FROM: Difference Wright, Coordinator Historic Preservation

SUBJECT: Historic Area Work Permit

The Montgomery County Historic Preservation Commission has reviewed the attached application for an Historic Area Work Permit. This application was:

Approved

Approved with Conditions:

and HPC Staff will review and stamp the construction drawings prior to the applicant's applying for a building permit with DPS; and

THE BUILDING PERMIT FOR THIS PROJECT SHALL BE ISSUED CONDITIONAL UPON ADHERENCE TO THE APPROVED HISTORIC AREA WORK PERMIT (HAWP).

Applicant: Claudia Barnes _____ Address: 3948 Baltimore St, Kensington nD.

and subject to the general condition that, after issuance of the Montgomery County Department of Permitting Services (DPS) permit, the applicant arrange for a field inspection by calling the Montgomery County DPS Field Services Office at 240-777-6210 or online @ permits. emontgomery.org prior to commencement of work and not more than two weeks following completion of work.

EXPEDITED HISTORIC PRESERVATION COMMISSION STAFF REPORT

Address:	3948 Baltimore Street	Meeting Date	: 4/10/02
Applicant:	Claudia Barnes	Report Date:	4/3/02
Resource:	Kensington Historic District	Public Notice	: 3/27/02
Review:	HAWP	Tax Credit:	N/A
Case Number	31/6-02E	Staff:	Robin Ziek

PROPOSAL: Replace wood shingle roof with asphalt shingles

RECOMMEND: Approval

DATE OF CONSTRUCTION: 20th Century

SIGNIFICANCE: Individual Master Plan Site

X Within a Master Plan Historic District Primary Resource Contributing Resource X Non-Contributing/Out-of-Period Resource

ARCHITECTURAL DESCRIPTION: New house in the district.

PROPOSAL: Replace existing wood shingle roof (leaking and deteriorated), with new asphalt shingle roof. Applicant will work with staff on the exact shingle.

RECOMMENDATION:

XApprovalApproval with conditions

Approval is based on the following criteria from Chapter 24A of the Montgomery County Code, Section 8(b): The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

<u>X</u> 1. The proposal will not substantially alter the exterior features of an historic site, or historic resource within an historic district; or

<u>X</u> 2. The proposal is compatible in character and nature with the historical, archaeological, architectural or cultural features of the historic site, or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

and subject to the general condition that the applicant shall present 3 permit sets of drawings to HPC staff for review and stamping prior to submission for building permits (1 set for HPC files) and that, after issuance of the Montgomery County Department of Permitting Services (DPS) permit, the applicant arrange for a field inspection by calling the DPS Field Services Office at (301) 217-6240 prior to commencement of work and not more than two weeks following completion of work.

APPENDIX A

23 MARCH 2002

Job Nº <u>32202-17</u>

Fiberglas shingles: Remove the existing layer and re-roof.

Tear off the one existing layer of cedar shakes down to bare wood, including all necessary and accessible flashings. NOTE: All sheathing discovered in need of replacement will be repaired at an additional cost of \$3.25 per linear foot for $1^{n} \times 6^{n}$ or $1^{n} \times 8^{n}$ boards, \$60.00 per 4' x 8' sheet (or part thereof) for $\frac{1}{2^{n}}$ plywood or \$75.00 per 4' x 8' sheet (or part thereof) for $\frac{1}{2^{n}}$ plywood or \$75.00 per 4' x 8' sheet (or part thereof).

Install CertainTeed HORIZON fiberglas mat 3-tab strip shingles over **30lb**. single coverage roofing felt using four 1¼" roofing nails per shingle. All necessary step, cap, counterseal or cope flashing to be replaced with .016"> aluminum flashing. The valleys are to be closed cut and of the "split style" over a base layer of WinterGuard® Waterproofing Shingle Underlayment. The peak of the main house roof to be installed with ShingleVent II ridge venting; which is to be capped with matching shingles. All sewer vent pipe collars to be replaced with new no-caulk collars. Old roofing material and scraps from the new roofing, external to the house, to be picked up and removed from the job site. Customer to select color of shingles from a readily available selection. Color selected is <u>GRAYSTONE</u>.

These shingles carry a written <u>25-Yr.</u> manufacturers' warranty which will be executed and delivered on completion and final payment received. J & J further warrants their labor to be free from defects for five (5) years after completion.

Gutters and Downspouts [garage gutter & spouts are excluded]:

Dismantle and haul-away the existing house gutter and downspout systems. Furnish and install new .032" <u>BROWN</u> baked finish 6" OG aluminum seamless guttering, secured with spikes approximately 32"< on center. Furnish and install new 3" x 4" <u>BROWN</u> baked finish aluminum downspouts. These new gutters and downspouts are to be installed in the same locations as were the ones removed.

J&J to clear the job site of all debris created by this project.

THIS CONTRACT MAY BE WITHDRAWN IF NOT ACCEPTED WITHIN 15 DAYS.

Classic Horizon Warranty*

- · 25-year limited transferable warranty against manufacturing defects
- 5-year SureStart[™] protection

*See actual warranty for specific details and limitations

25-year limited transferable warranty, including 5-year SureStart™ protection, are applicable only in the United States, its territories and Canada; for products sold outside these areas, please refer to the International Warranty for specific details and limitations.

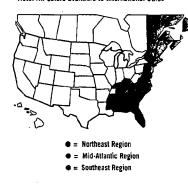

NOTE: REPRODUCTION OF COLORS throughout this publication is as accurate as modern printing will permit. Colors are subject to changes by granule manufacturers. Before making a final selection, please consider the following

1) Request full shingle samples;

- 2) See actual roof applications:
- 3) Inasmuch as the appearance of a root may vary depending upon the light exposure, consider viewing several roof applications under various kinds of fight, i.e. bright sun, partial sun, full cloud, etc.;
- 4) Determine if the pitch of your root will impact how a shingle color will look on your home. To make the best selection, view homes with your shingle color choice with roof pitches similar to your own.

TEAR RESISTANCE AND ASTM D3462 COMPLIANCE IS CLASSIFIED BY UNDERWRITERS LABORATORIES, INC. UL'S CERTIFICATE OF COMPLIANCE IS AVAILABLE FROM CERTAINTEED UPON REQUEST.

> Classic Horizon is available in areas shown. Note: All colors available to International Sales

replacing Nº 4-5 yr like but needs me that

Before you can become a classic, you must first be an original.

Behind the distinctive appearance of our Classic Horizon Shangle® there is a distinct difference in design. Multiple layers of granules and asphalt, along with intermittent deep shadow lines, give Classic Horizon the texture and depth of shingles twice the price.

> Whether for new construction or a reroofing application, when the design calls for extravagant good looks at a moderate price, architects and builders call for Classic Horizon Shangle.

Classic Horizon features a 12" x 36" one-piece base shingle made of multiple layers of asphalt and granules. This patented design offers outstanding protection from the elements and simulates the sophisticated look of heavyweight designer shingles.

A CLASSIC ENDURES.

Classic Horizon has been engineered to hold its own against water and wind. With its onepiece Shangle® construction and self-sealing strips, it provides excellent wind-resistance, structural integrity and protection against leaks. What's more, the one-piece design with cut-outs makes application easy. You can also cap off your great-looking roof with CertainTeed's Shadow Ridge accessory.

THE COVERAGE YOU'D Expect from A Certainteed Roof.

As effectively as your Classic Horizon roof will help to protect your home, CertainTeed will protect your investment with a 25-year limited, transferable warranty*.

Although the possibility of a manufacturing defect is unlikely, your warranty coverage includes SureStart^w protection,

which guarantees reimbursement of full replacement cost (including materials and labor) for the first five years after application.

PROTECT YOURSELF.

Be sure to ask your roofing contractor for a copy of the CertainTeed product warranty or call the CertainTeed Home Institute at 800-782-8777 to request a copy. We make it easy for you to view our warranties on our website and even register your investment online at www.certainteed.com/warranty.

FROM THE STUDIO OF AN American Master.

One of the world's first and foremost manufacturers of asphalt roofing shingles, CertainTeed has earned a reputation for inspired design, meticulous engineering and comprehensive warranty programs. We pride ourselves on the quality of our craftsmanship, the durability of our products and the endlessly inventive selection of styles and colors from which our customers can choose.

For most Americans, a home is an investment that represents a lifetime of hard work. And at CertainTeed, we believe the roof that protects that investment should be built to work just as hard.

*See actual warranty for details and limitations.
