MONTGOMERY COUNTY DEPARTMENT OF PARK AND PLANNING

THE MARYLAND-NATIONAL CAPITAL
PARK AND PLANNING COMMISSION

8787 Georgia Avenue
Silver Spring, Maryland 20910-3760

Date: 9.23.98

MEMORANDUM

TO: Robert Hubbard, Director
Department of Permitting Services

FROM: Gwen Wright, Coordinator
Historic Preservation *GW*

SUBJECT: Historic Area Work Permit

The Montgomery County Historic Preservation Commission has reviewed the attached application for an Historic Area Work Permit. This application was:

Approved Denied

Approved with Conditions: _____

and HPC Staff will review and stamp the construction drawings prior to the applicant's applying for a building permit with DPS; and

THE BUILDING PERMIT FOR THIS PROJECT SHALL BE ISSUED CONDITIONAL UPON ADHERENCE TO THE APPROVED HISTORIC AREA WORK PERMIT (HAWP).

Applicant: Lee A Brierly
Address: 10307 Armon Avenue Kensington

and subject to the general condition that, after issuance of the Montgomery County Department of Permitting Services (DPS) permit, the applicant arrange for a field inspection by calling the DPS Field Services Office at (301)217-6240 prior to commencement of work and not more than two weeks following completion of work.

Date:

9-23-98

MEMORANDUM

TO: Historic Area Work Permit Applicants

FROM: Gwen Wright, Coordinator
Historic Preservation Section 

SUBJECT: Historic Area Work Permit Application - Approval of Application/Release of
Other Required Permits

Enclosed is a copy of your Historic Area Work Permit application, approved by the Historic Preservation Commission at its recent meeting, and a transmittal memorandum stating conditions (if any) of approval.

You may now apply for a county building permit from the Department of Permitting Services (DPS) at 250 Hungerford Drive, second floor, in Rockville. Please note that although your work has been approved by the Historic Preservation Commission, it must also be approved by DPS before work can begin.

When you file for your building permit at DPS, you must take with you the enclosed forms, as well as the Historic Area Work Permit that will be mailed to you directly from DPS. These forms are proof that the Historic Preservation Commission has reviewed your project. For further information about filing procedures or materials for your county building permit review, please call DPS at 301-217-6370.

If your project changes in any way from the approved plans, either before you apply for your building permit or even after the work has begun, please contact the Historic Preservation Commission staff at 301-563-3400.

Please also note that you must arrange for a field inspection for conformance with your approved HAWP plans. Please inform DPS/Field Services at 301-217-6240 of your anticipated work schedule.

Thank you very much for your patience and good luck with your project!

the purposes of this chapter; or

- _____ 3. The proposal would enhance or aid in the protection, preservation and public or private utilization of the historic site, or historic resource located within an historic district, in a manner compatible with the historical, archeological, architectural or cultural value of the historic site or historic district in which an historic resource is located, or
- _____ 4. The proposal is necessary in order that unsafe conditions or health hazards be remedied; or
- _____ 5. The proposal is necessary in order that the owner of the subject property not be deprived of reasonable use of the property or suffer undue hardship; or
- _____ 6. In balancing the interests of the public in preserving the historic site, or historic resource located within an historic district, with the interests of the public from the use and benefit of the alternative proposal, the general public welfare is better served by granting the permit.

Policy On Use of Expedited Staff Reports for Simple HAWP Cases

This policy is developed with the understanding that:

- I. The HPC's policy regarding in-kind replacements has not changed, that is, all replacements of exterior features with exactly matching materials may be done without a HAWP.
- II. Staff will continue to notify Local Advisory Panel (LAP), and adjacent and confronting owners of all HAWP applications and, if a neighbor or the LAP is known to object to a proposal, the Expedited Staff Report will not be used.
- III. If, because of the specifics of the case, staff is uncertain whether the Expedited Staff Report format is appropriate, or if an applicant requests it, the Standard Staff Report will be used.
- IV. The Expedited Staff Report format may be used on the following type of cases:
 1. Alterations to properties on which the Maryland Historical Trust (MHT) holds an easement and which have been reviewed and approved by the MHT Easement Committee.
 2. Modifications to a property which do not significantly alter its visual character. These include, but are not limited to:
 - A. Repair or replacement of masonry foundations with new materials that match the original closely.
 - B. Installation of vents, venting pipes, and exterior grills.
 - C. New installation of gutters.
 4. Removal of asbestos, asphalt, or other artificial siding when the original siding is to be repaired, and, where necessary, replaced in kind.
 5. Removal of accessory building that are not original to the site or otherwise historically significant.
 6. Replacement of missing architectural details, provided that at least one example of the detail to be replaced exists on the house, and/or physical or documentary evidence exists that illustrates or describes the missing detail or details.
 7. Signs that are in conformance with all other County sign regulations.

8. Construction of wooden decks that are at the rear of a structure and are not readily visible from a public right-of-way. This applies to all categories of resources: Outstanding, Contributing, Individually Designated Sites, or Non-contributing.
9. Replacement of roofs on non-contributing or out-of-period building, as well as new installation of historically appropriate roofing materials on outstanding and contributing buildings..
10. Installation of exterior storm windows or doors that are compatible with the historic site or district in terms of material or design.
11. Construction of fences that are compatible with historic site or district in terms of material, height, location, and design. Requests for fences higher than 48" to be located in the front yard of a property will not be reviewed using an Expedited Staff Report.
12. Construction or replacement of walkways, parking areas, patios, driveways or other paved areas that are not readily visible from a public right-of-way and/or are compatible in material, location, and design with the visual character of the historic site or district.
13. Construction or repair of retaining walls where the new walls are compatible in material, location, design and height with the visual character of the historic site or district.
14. Construction or replacement of storage and small accessory buildings that are not readily visible from a public right-of-way.
15. Landscaping, or the removal or modification of existing planting, that is compatible with the visual character of the historic site or district.
