MEMORANDUM

TO: Historic Area Work Permit Applicants

FROM: Gwen Marcus, Historic Preservation Coordinator
Design, Zoning, and Preservation Division
M-NCPPC

SUBJECT: Historic Area Work Permit Application - Approval of
Application/ Release of Other Required Permits

Enclosed is a copy of your Historic Area Work Permit application, approved by the Historic Preservation Commission at its recent meeting, and a transmittal memorandum stating conditions (if any) of approval.

You may now apply for a county building permit from the Department of Environmental Protection (DEP), at 250 Hungerford Drive, Second Floor, in Rockville. Please note that although your work has been approved by the Historic Preservation Commission, it must also be approved by DEP before work can begin.

When you file for your building permit at DEP, you must take with you the enclosed forms, as well as the Historic Area Work Permit that will be mailed to you directly from DEP. These forms are proof that the Historic Preservation Commission has reviewed your project. For further information about filing procedures or materials for your county building permit review, please call DEP at 217-6370.

If your project changes in any way from the approved plans, either before you apply for your building permit or even after the work has begun, please contact the Historic Preservation Commission staff at 495-4570.

Please also note that you must arrange for a field inspection for conformance with your approved HAWP plans. Please inform DEP/Field Services at 217-6240 of your anticipated work schedule.

Thank you very much for your patience and good luck with your project!

SEE REVERSE SIDE FOR INSTRUCTIONS

THE FOLLOWING ITEMS MUST BE COMPLETED AND REQUIRED DOCUMENTS MUST ACCOMPANY THIS APPLICATION.

1. WRITTEN DESCRIPTION OF PROJECT

- a. Description of existing structure(s) and environmental setting, including their historical features and significance:

Meditation Garden As Described in the letter attached dated March 25, 1996

- b. General description of project and its effect on the historic resource(s), the environmental setting, and, where applicable, the historic district:

Documentation submitted

2. SITE PLAN Documentation submitted

Site and environmental setting, drawn to scale. You may use your plat. Your site plan must include:

- a. the scale, north arrow, and date;
 b. dimensions of all existing and proposed structures; and
 c. site features such as walkways, driveways, fences, ponds, streams, trash dumpsters, mechanical equipment, and landscaping.

3. PLANS AND ELEVATIONS Documentation submitted

You must submit 2 copies of plans and elevations in a format no larger than 11" X 17". Plans on 8 1/2" X 11" paper are preferred.

- a. Schematic construction plans, with marked dimensions, indicating location, size and general type of walls, window and door openings, and other fixed features of both the existing resource(s) and the proposed work.
 b. Elevations (facades), with marked dimensions, clearly indicating proposed work in relation to existing construction and, when appropriate, context. All materials and fixtures proposed for the exterior must be noted on the elevations drawings. An existing and a proposed elevation drawing of each facade affected by the proposed work is required.

4. MATERIALS SPECIFICATIONS

General description of materials and manufactured items proposed for incorporation in the work of the project. This information may be included on your design drawings.

5. PHOTOGRAPHS

- a. Clearly labeled photographic prints of each facade of existing resource, including details of the affected portions. All labels should be placed on the front of photographs.
 b. Clearly label photographic prints of the resource as viewed from the public right-of-way and of the adjoining properties. All labels should be placed on the front of photographs.

6. TREE SURVEY

If you are proposing construction adjacent to or within the dripline of any tree 6" or larger in diameter (at approximately 4 feet above the ground), you must file an accurate tree survey identifying the size, location, and species of each tree of at least that dimension.

7. ADDRESSES OF ADJACENT AND CONFRONTING PROPERTY OWNERS

For all projects, provide an accurate list of adjacent and confronting property owners (not tenants), including names, addresses, and zip codes. This list should include the owners of all lots or parcels which adjoin the parcel in question, as well as the owner(s) of lot(s) or parcel(s) which lie directly across the street/highway from the parcel in question. You can obtain this information from the Department of Assessments and Taxation, 61 Monroe Street, Rockville, (279-1355).

Please print (in blue or black ink) or type this information on the following page. Please stay within the guides of the template, as this will be photocopied directly onto mailing labels.

Re: St. Rose of Lima Church, Gaithersburg
Proposed Meditation Garden

Dear Ms. Ziek:

This information packet comprises the material you requested with respect to a proposed meditation garden for St. Rose of Lima Catholic Church. It includes the following items:

1. A plot of the environs of the old church, showing the location of the proposed garden;
2. Photos of the old church, including the site of the proposed garden.
3. Photos of a meditation garden installed at St. Luke's Episcopal Church in Bethesda, which illustrates this type of garden; and
4. Rough concept sketch of garden.

We will be engaging the services of a professional landscape designer to plan a meditation garden that will satisfy the following conditions:

- a. To provide a restful setting for outdoor meditation in the immediate vicinity of the old church, which is especially meaningful for our older parishioners. Since the church fronts on Clopper Road and is bounded by cemetery plots on the north and east, we propose to place the garden in the area bounded by the church and the brick sidewalk that lies on the south (Parish Center) side, an area approximately 100' by 50';
- b. To employ native, historically relevant plantings (e.g. dogwood, butterfly bush, low flowers), benches, and footpaths so as to delineate and beautify mediation areas within the prescribed space and to screen the seated meditants from the view of passersby; and
- c. To incorporate in the plan the 25' spruce tree that currently grows in that area.

The garden will be designed for both privacy and safety and will not compromise, but rather enhance the visual presentation of the old historic church.

This project has been part of our long-term plan here at St.. Rose. We would like to get started as soon as possible. We would appreciate very much the expeditious effort of the H.P.C. to make a judgement on the merits of our plan on the basis of the materials presented herewith. If further explanatory material is needed, we will be happy to furnish it. Please contact me with your review status as you proceed.

Yours very truly,
