MEMORANDUM

TO: Historic Area Work Permit Applicants

FROM: Gwen Marcus, Historic Preservation Coordinator  
Design, Zoning, and Preservation Division  
M-NCPPC

SUBJECT: Historic Area Work Permit Application - Approval of  
Application/ Release of Other Required Permits

---

Enclosed is a copy of your Historic Area Work Permit application, approved by the Historic Preservation Commission at its recent meeting, and a transmittal memorandum stating conditions (if any) of approval.

You may now apply for a county building permit from the Department of Environmental Protection (DEP), at 250 Hungerford Drive, Second Floor, in Rockville. Please note that although your work has been approved by the Historic Preservation Commission, it must also be approved by DEP before work can begin.

When you file for your building permit at DEP, you must take with you the enclosed forms, as well as the Historic Area Work Permit that will be mailed to you directly from DEP. These forms are proof that the Historic Preservation Commission has reviewed your project. For further information about filing procedures or materials for your county building permit review, please call DEP at 217-6370.

If your project changes in any way from the approved plans, either before you apply for your building permit or even after the work has begun, please contact the Historic Preservation Commission staff at 495-4570.

Please also note that you must arrange for a field inspection for conformance with your approved HAWP plans. Please inform DEP/Field Services at 217-6240 of your anticipated work schedule.

Thank you very much for your patience and good luck with your project!

THE MARYLAND-NATIONAL CAPITAL PARK AND PLANNING COMMISSION

HISTORIC PRESERVATION COMMISSION STAFF REPORT

Address: 18400 Muncaster Road	Meeting Date: 12/21/94
Resource: Bussard Farm	HAWP: Alterations
Case Number: 22/7-94A	Tax Credit: Not Applicable
Public Notice: 12/07/94	Report Date: 12/14/94
Applicant: M-NCPPC/Dept. of Parks	Staff: Patricia Parker
PROPOSAL: Demolish side addition	RECOMMEND: Approval

---

The applicant, The Department of Parks, Maryland-National Capital Park and Planning Commission, proposes to demolish an out-of-period side frame addition to Master Plan Site #22/7, the Bussard Farm in Derwood. This addition was constructed during the 20th century as a sun porch and attached to an 1800's kitchen wing.

The site involves approximately 68.36 acres and M-NCPPC/Parks would like the structure to be consistent in interpretation of the period.

STAFF DISCUSSION/BACKGROUND

At issue in this proposal, is whether the HPC feels that a later twentieth century addition to an 1800's farmhouse should be demolished.

Staff does not find the frame sunporch (7'-6" by 16') to be a character defining element of this 1800's farmhouse. The applicant would remove this wing and German siding from the east end of the farmhouse. The applicant proposes to replace German siding with clapboard siding, rough sawn mill cut, compatible with existing historic sheathing. The applicant would also remove the concrete patio.

Staff applauds the applicant for its proposal to conduct further archaeological research of the former foundation of the historic structure under the existing sunporch. The applicant feels that there may have been a root cellar, spring house and cistern in this location historically. This research would expand the interpretation of the site. Further archaeological studies are anticipated to be conducted under the patio following its removal. The final phase of the plan would be to replace the east

end of the kitchen with appropriate siding and paint. The disturbed area would be re-graded and re-seeded to include the patio area.

Staff further feels that the farmhouse is sufficiently isolated from adjacent properties so as not to affect surrounding properties.

In summary, staff feels that because of the location of the farmhouse on considerable acreage and the applicant's intention to restore and furnish the farmhouse true to its period and to conduct archaeological studies to expand the interpretation of the property, that this proposal should be considered approvable.

STAFF RECOMMENDATION

Staff is pleased that the Department of Parks has chosen to continue to properly maintain the historic site and expend its resources to enhance the interpretation of the property for the public good. Staff recommends that the Commission find the proposal consistent with the purposes of Chapter 24A-8(b)1:

The proposal will not substantially alter the exterior features of an historic site, or historic resource within an historic district;

and with the Secretary of the Interior's Standards for Rehabilitation #2, #6 and #8:

The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided; and

Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence; and

Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.

and with the following general condition:

The applicant shall notify the Department of Environmental Protection (DEP) five days prior to commencing work and within two weeks after completion.

MONTGOMERY COUNTY PARKS

**AGRICULTURAL HISTORY FARM PARK  
18400 MUNCASTER ROAD  
DERWOOD, MD**

Application for Historic Work Permit to demolish late addition to historic park property.

**PROJECT INTENT**

To remove 7.5 foot by 16 foot sun porch on Agricultural Farm Park farmhouse attached to east end of kitchen and remove German siding from east end as well. We are restoring and furnishing the farmhouse to a turn-of-the-twentieth century interpretation of a typical Montgomery County's farmer's lifestyle. The sun porch (actual age unknown according to former owners, but not before 1920s) is later than our period of interpretation. Care will be taken not to impinge on surrounding area.

To remove all concrete forming adjacent 28.5 foot by 22.5 foot patio area.

**PROJECT PLAN**

**Phase I**

Remove framing members and siding and roof associated with sun porch construction. Replace German siding with clapboard siding, rough saw mill cut, to match the rest of the kitchen.

**Phase II**

Remove concrete patio by breaking concrete with jack hammer. Remove all debris from site to appropriate land fill.

**Phase III**

Discover through archaeology, the former foundation of historic structure under existing sun porch which may have been root cellar, spring house, cistern, etc. with possible reconstruction of former structure to expand historical interpretation of site. Other archaeology studies to be conducted under patio following removal of concrete.

**Phase IV**

Following archaeology, replace east end of kitchen with appropriate siding and paint. Grade and reseed patio area.

**PLEASE NOTE THAT ON THIS 410 ACRE SITE, NEIGHBORS WILL NOT BE IMPACTED.**

April 9, 1766, a warrant issued to Nathan Magruder for nine acres adjoining "The Ridge," which upon survey, October 9, 1766, was found to contain thirteen acres, hence the name given—"The Mistake."

In the will of John Magruder occurs, "— to my son Nathan the land he now lives on being part of a tract of land called Knaves Dispute."

As all the lands so devised were located in that part of Prince George's county out of which Frederick county was erected in 1745 (although a county government was not inaugurated therein until 1748), it follows that Nathan Magruder had become a citizen of Frederick county at least as early as 1750, and it is even probable that he took up his residence there immediately after the property in question was conveyed to him by his father's deed of 1748.

About this time Nathan Magruder married his first cousin, Rebecca Beall, of Prince George's county, who was the daughter of John Beall and Verlinda Magruder; her paternal grandparents being Alexander Beall and Elizabeth Dick, and her maternal grandparents Samuel Magruder and Sarah Beall.

Shortly after the organization of Frederick county Nathan Magruder was appointed one of the County Judges or Justices, beginning his service at the March term of court, 1748, and continuing so to act for three years.

The position of Justice in colonial days was one of importance and responsibility, and only those of the highest citizenship dared aspire to its dignity.

Upon the completion of his judicial duties, he entered the House of Burgesses in 1751, serving for three years, and was again elected a member in 1761 for the sessions of that year and for 1762 and 1763.

During the last year of his membership an act was passed naming him with Rev. Thomas Bacon, Colonel Thomas Cresap, John Darnall, Thomas Beatty, Colonel Joseph Chapline and Colonel Samuel Beall as visitors or trustees of the Frederick County Free School.

This act authorized the said trustees to purchase an acre of ground in Frederick Town for the site of such free school.

All of these names stand out prominently in the history of Frederick county, especially those of the Rev. Thomas Bacon, at that time rector of All Saints' Parish, (who made the first compilation of Maryland laws dating from 1637 to 1763), Colonel Thomas Cresap, the brave old frontiersman whose name is inseparably linked with the Indian chief Logan; Colonel Samuel Beall, brother-in-law and first cousin of Nathan Magruder, who had marched with General Braddock, in 1755, on the ill-fated expedition to Fort Duquesne; colonel of militia during the Revolutionary War, and member of the Convention which framed the first Constitution for the State of Maryland in 1776.

This school was to have an equal division with other schools in the county from revenues collected in the province and apportioned for the purpose.

It is well to bear in mind here the distinction between public schools and free schools.

The charter of Maryland made no provision for schools.

Home of Nathan Magruder, built about 1718, razed about 1907. The gable end near the center is of modern construction.

*ISAP*

"KNAVES' DISPUTE," MONTGOMERY COUNTY, MARYLAND.

April 9, 1766, a warrant issued to Nathan Magruder for nine acres adjoining "The Ridge," which upon survey, October 9, 1766, was found to contain thirteen acres, hence the name given—"The Mistake."

In the will of John Magruder occurs, "— to my son Nathan the land he now lives on being part of a tract of land called Knaves Dispute."

As all the lands so devised were located in that part of Prince George's county out of which Frederick county was erected in 1745 (although a county government was not inaugurated therein until 1748), it follows that Nathan Magruder had become a citizen of Frederick county at least as early as 1750, and it is even probable that he took up his residence there immediately after the property in question was conveyed to him by his father's deed of 1748.

About this time Nathan Magruder married his first cousin, Rebecca Beall, of Prince George's county, who was the daughter of John Beall and Verlinda Magruder; her paternal grandparents being Alexander Beall and Elizabeth Dick, and her maternal grandparents Samuel Magruder and Sarah Beall.

Shortly after the organization of Frederick county Nathan Magruder was appointed one of the County Judges or Justices, beginning his service at the March term of court, 1748, and continuing so to act for three years.

The position of Justice in colonial days was one of importance and responsibility, and only those of the highest citizenship dared aspire to its dignity.

Upon the completion of his judicial duties, he entered the House of Burgesses in 1751, serving for three years, and was again elected a member in 1761 for the sessions of that year and for 1762 and 1763.

During the last year of his membership an act was passed naming him with Rev. Thomas Bacon, Colonel Thomas Cresap, John Darnall, Thomas Beatty, Colonel Joseph Chapline and Colonel Samuel Beall as visitors or trustees of the Frederick County Free School.

This act authorized the said trustees to purchase an acre of ground in Frederick Town for the site of such free school.

All of these names stand out prominently in the history of Frederick county, especially those of the Rev. Thomas Bacon, at that time rector of All Saints' Parish, (who made the first compilation of Maryland laws dating from 1637 to 1763), Colonel Thomas Cresap, the brave old frontiersman whose name is inseparably linked with the Indian chief Logan; Colonel Samuel Beall, brother-in-law and first cousin of Nathan Magruder, who had marched with General Braddock, in 1755, on the ill-fated expedition to Fort Duquesne; colonel of militia during the Revolutionary War, and member of the Convention which framed the first Constitution for the State of Maryland in 1776.

This school was to have an equal division with other schools in the county from revenues collected in the province and apportioned for the purpose.

It is well to bear in mind here the distinction between public schools and free schools.

The charter of Maryland made no provision for schools.

Home of Nathan Magruder, built about 1748, razed about 1907. The gable end near the center is of modern construction.

# THE BUSSARD FARM

## An Interpretive Prospectus for a Turn-of-the-Century Montgomery County Farmstead

### Phase I: Site Preservation, Restoration and Reconstruction

MAIN DWELLING: The mud room, to the right, is a detracting appendage to the 19th century kitchen wing, and should be removed.

## MNCPPC HISTORIC PROPERTIES SUMMARY FORM

1. NAME: Bussard Farm Region: I
2. LOCATION: 18400 Muncaster Road  
Redland, Maryland
3. ASSOCIATED PARK: Agricultural History Farm Park
4. CURRENT CONDITION: Good, Altered, Original Site
5. DATE OR PERIOD: House, 1908; Barn, 1898
6. DESCRIPTION:

The house is a two story frame farmhouse with a five bay main (south) facade. At either end are internal chimneys. The windows are one over one double hung sash. Across the front is a one story porch with turned posts. The doorway has a transom and sidelights. The central bay is marked by a forward facing, central gable. The east ground floor bay is a semi-octagonal bay window. To the east of the main block is a one and one half story wing which predates the main house. To the rear (north) of the main block is a two and a half story ell which also predates the main house. The roof is covered in raised seam metal. Significant associated buildings include the frame bank barn, built on a stone foundation and covered with German siding and a wood shingle roof, a large log smokehouse sheathed with vertical boarding, and a frame granary also sheathed with vertical boarding.

7. SIGNIFICANCE:

The Bussard Farm is a good example of a turn of the century Montgomery County farmstead. Previous to the present farmhouse there existed a late 18th century composite house of stone and log constructed by Isaac Magruder around the year 1778. Added to this house sometime during the early 19th century, was a framed kitchen wing. When the property was purchased in 1864 by Walter Talbott, he added a two and a half story rear ell to the original stone and log house. This was the basic configuration of the farmhouse when purchased by Thaddeus Bussard in 1888. The Bussard family set about improving the farm, erecting farm buildings and reclaiming the land. In 1898, they constructed the large frame bank barn with the help of barn builders brought in from Frederick County, Maryland. In 1908, the old log and stone section of the house was torn down and replaced with the present frame section of the house. The 19th century additions were retained and the present kitchen wing and rear ell. The Bussard family continued to own and operate the farm until the 1970s, when the final acres were conveyed to the Commission.

8. STATUS: On Master Plan for Historic Preservation
9. CATEGORY: 1
