THE BUILDING PERMIT FOR THIS PROJECT SHALL BE ISSUED CONDITIONAL UPON ADHERANCE TO THE APPROVED HISTORIC AREA WORK PERMIT(HAWP).

Applicant: Address: \\200

***THE APPLICANT MUST ARRANGE FOR A FIELD INSPECTION BY CALLING DEP/FIELD SERVICES (217-6240) FIVE DAYS PRIOR TO COMMENCEMENT OF WORK AND WITHIN TWO WEEKS FOLLOWING COMPLETION OF WORK. MARYLAND-NATIONAL CAPITAL PARK AND PLANNING COMMISSION 8787 Georgia Avenue • Silver Spring, Maryland 20910-3760

DATE: 10-23-96

MEMORANDUM

TO: Historic Area Work Permit Applicants

FROM: Gwen Marcus, Historic Preservation Coordinator Design, Zoning, and Preservation Division M-NCPPC

SUBJECT: Historic Area Work Permit Application - Approval of Application/ Release of Other Required Permits

Enclosed is a copy of your Historic Area Work Permit application, approved by the Historic Preservation Commission at its recent meeting, and a transmittal memorandum stating conditions (if any) of approval.

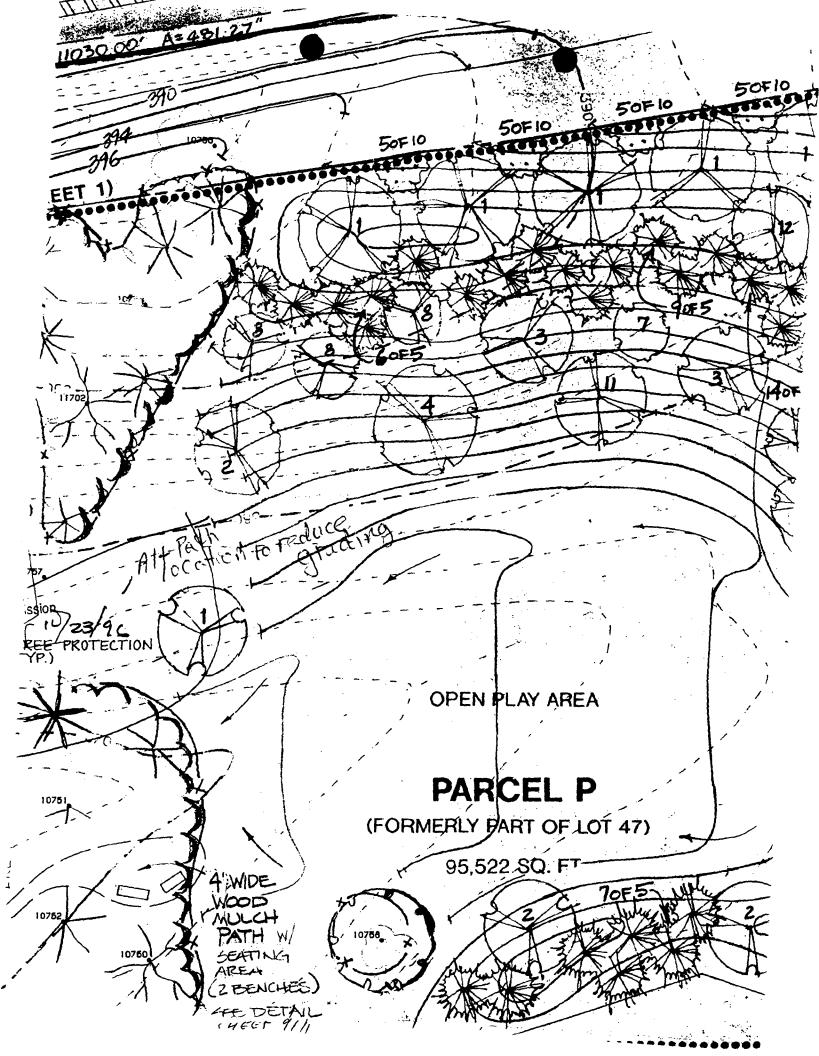

You may now apply for a county building permit from the Department of Environmental Protection (DEP), at 250 Hungerford Drive, Second Floor, in Rockville. Please note that although your work has been approved by the Historic Preservation Commission, it must also be approved by DEP before work can begin.

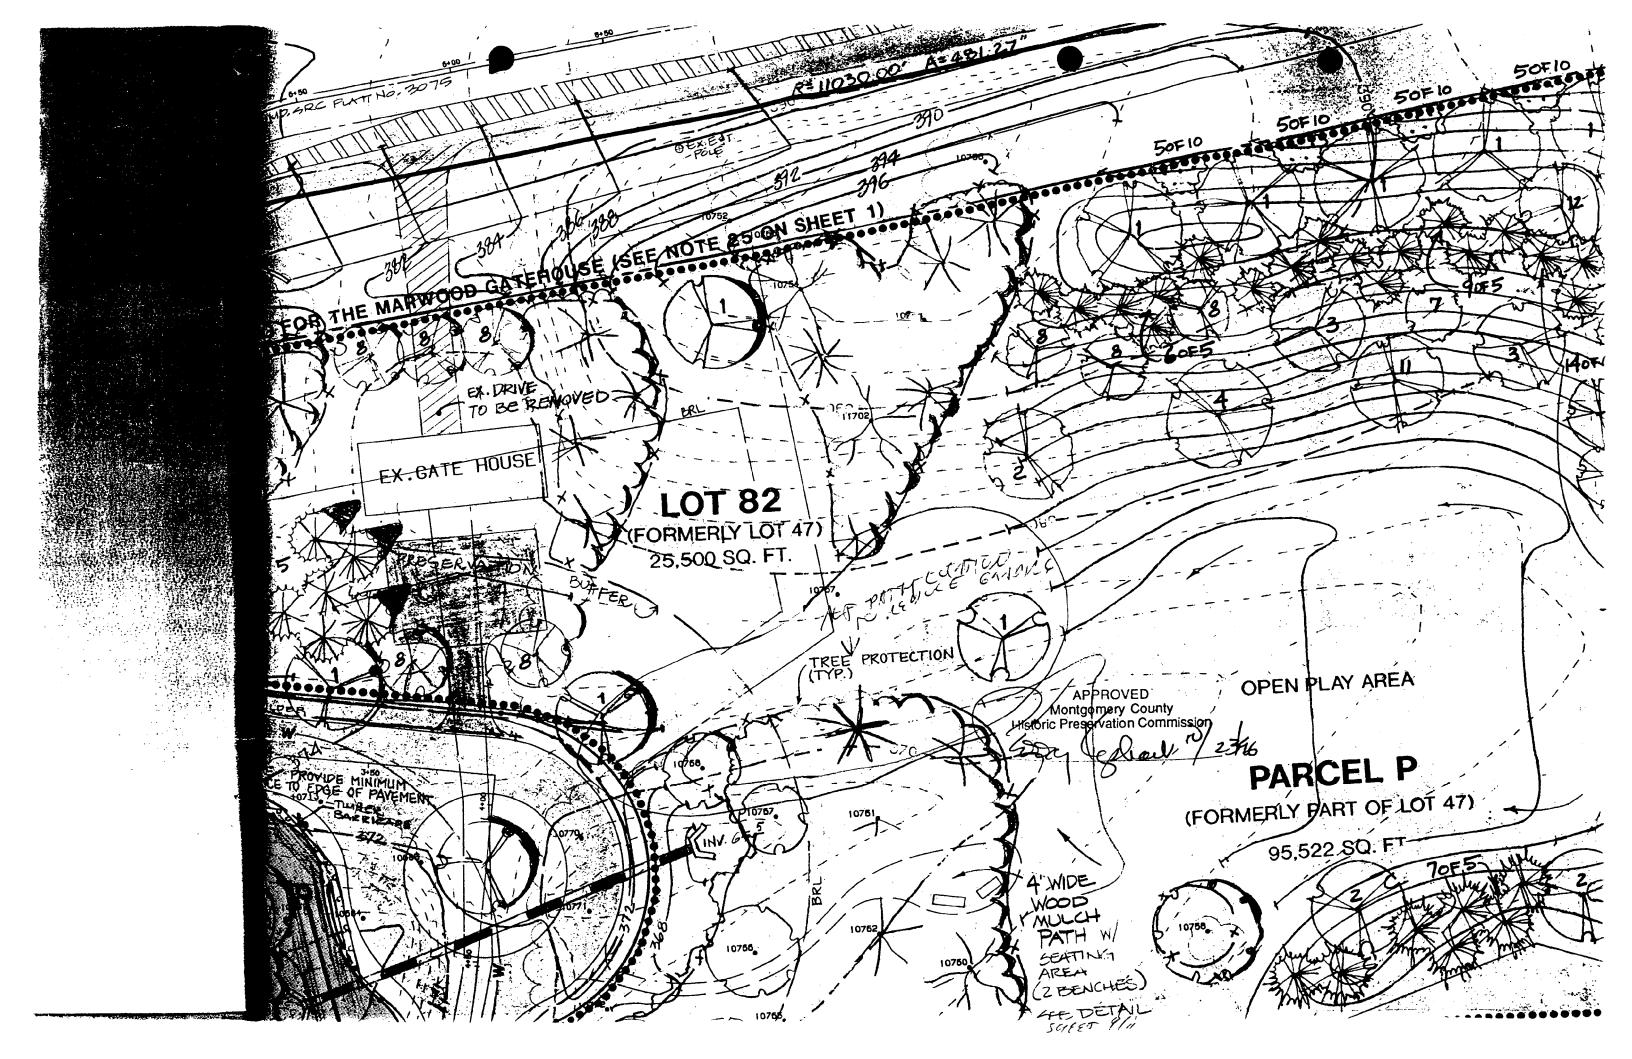

When you file for your building permit at DEP, you must take with you the enclosed forms, as well as the Historic Area Work Permit that will be mailed to you directly from DEP. These forms are proof that the Historic Preservation Commission has reviewed your project. For further information about filing procedures or materials for your county building permit review, please call DEP at 217-6370.

If your project changes in any way from the approved plans, either before you apply for your building permit or even after the work has begun, please contact the Historic Preservation Commission staff at 495-4570.

Please also note that you must arrange for a field inspection for conformance with your approved HAWP plans. Please inform DEP/Field Services at 217-6240 of your anticipated work schedule.

Thank you very much for your patience and good luck with your project!

M.

2.

Site and environmental setting, drawn to scale. You may use your plat. Your site plan must include:

- a. the scale, north arrow, and date;
- b. dimensions of all existing and proposed structures; and
- c. site features such as walkways, driveways, fences, ponds, streams, trash dumpsters, mechanical equipment, and landscaping.

3. PLANS AND ELEVATIONS

You must submit 2 copies of plans and elevations in a format no larger than 11" X 17". Plans on 8 1/2" X 11" paper are preferred.

- a. <u>Schematic construction plans</u>, with marked dimensions, indicating location, size and general type of walls, window and door openings, and other fixed features of both the existing resource(s) and the proposed work.
- b. Elevations (facades), with marked dimensions, clearly indicating proposed work In relation to existing construction and, when appropriate, context. All materials and fixtures proposed for the exterior must be noted on the elevations drawings. An existing and a proposed elevation drawing of each facade affected by the proposed work is required.

4. MATERIALS SPECIFICATIONS

General description of materials and manufactured items proposed for incorporation in the work of the stars project. This information may be included on your design drawings.

5. **PHOTOGRAPHS**

- a. Clearly labeled photographic prints of each facade of existing resource, including details of the affected portions. All labels should be placed on the front of photographs.
- b. Clearly label photographic prints of the resource as viewed from the public right-of-way and of the adjoining properties. All labels should be placed on the front of photographs.

6. TREE SURVEY

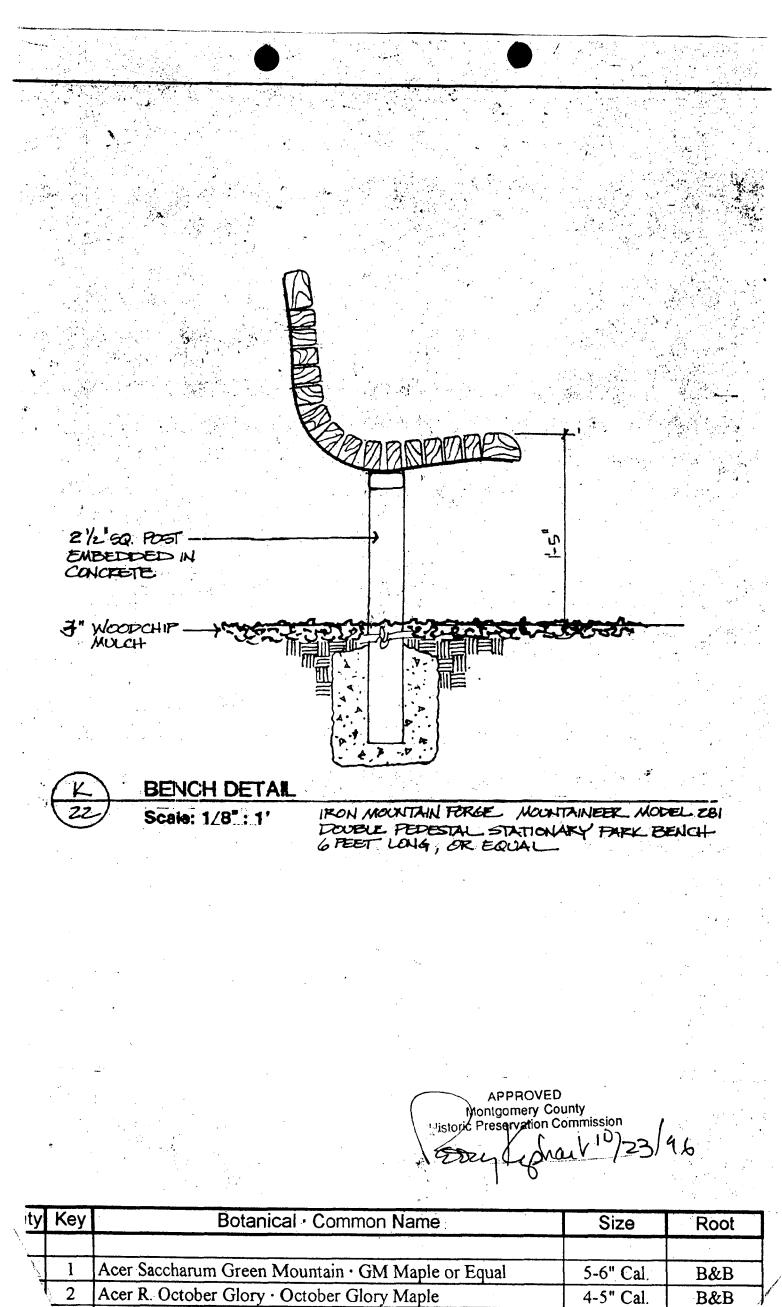

If you are proposing construction adjacent to or within the dripline of any tree 6" or larger in diameter (at approximately 4 feet above the ground), you must file an accurate tree survey identifying the size, location, and species of each tree of at least that dimension.

7. ADDRESSES OF ADJACENT AND CONFRONTING PROPERTY OWNERS

For <u>all</u> projects, provide an accurate list of adjacent and confronting property owners (not tenants), including names, addresses, and zip codes. This list should include the owners of all lots or parcels which adjoin the parcel in question, as well as the owner(s) of lot(s) or parcel(s) which lie directly across the street/highway from the parcel in question. You can obtain this information from the Department of Assessments and Taxation, 51 Monroe Street, Rockville, (279-1355).

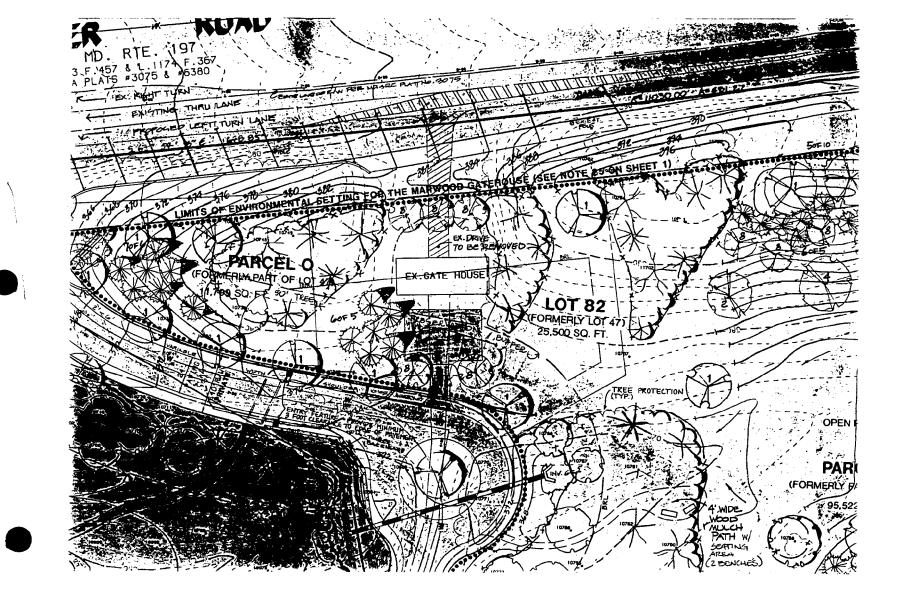

Please print (in blue or black ink) or type this information on the following page. Please stay within the average guides of the template, as this will be photocopied directly onto mailing labels.

Expedited Historic Preservation Commission Staff Report

Address: 11	200 River View Drive	Meeting Date:	10/23/96
Resource: <u>N</u>	<u>Master Plan</u> Site #29/6, Marwood (Gate House)	Public Notice:	10/09/96
Case Numbe	r: 29/6-96A	Report Date:	10/16/96
Review:	HAWP	Tax Credit: N	ło
Applicant:	Martin J. Mitchell	Staff: Perry K	ephart

DATE OF CONSTRUCTION: 1931

SIGNIFICANCE:

x Individual <u>Master Plan</u> Site Within a <u>Master Plan</u> Historic District Outstanding Resource Contributing Resource Non-contributing/Out-of-Period Resource

ARCHITECTURAL DESCRIPTION: Beaux Arts two-story stuccoed brick gate house with red tiled roof. The gate house served as the entrance to Marwood with a single car width arch in the center of the structure through which the driveway leading to the main house formerly ran. One story wings on either side contained garage openings as did the rear elevation of the main block on both sides of the center arch.

PROPOSAL: Grade land near the existing gate house, adjacent to Parcel P (an open play area) and construct woodchip mulch four foot wide "woodland" path with seating area. Install two double pedastal 6' long wooden benches.

RECOMMENDATION:

_x_Approval	
Approval with conditions:	
1.	
2.	
3.	

Approval is based on the following criteria from Chapter 24A of the Montgomery County Code, Section 8(b): The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

- x_1. The proposal will not substantially alter the exterior features of an historic site, or historic resource within an historic district; or
 - 2. The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site, or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or
 - 3. The proposal would enhance or aid in the protection, preservation and public or private utilization of the historic site, or historic resource located within an historic district, in a manner compatible with the historical, archeological, architectural or cultural value of the historic site or historic district in which an historic resource is located, or
 - 4. The proposal is necessary in order that unsafe conditions or health hazards be remedied; or
 - _5. The proposal is necessary in order that the owner of the subject property not be deprived of reasonable use of the property or suffer undue hardship; or
 - 6. In balancing the interests of the public in preserving the historic site, or historic resource located within an historic district, with the interests of the public from the use and benefit of the alternative proposal, the general public welfare is better served by granting the permit.

. Policy on use of Expedited Staff Reports for simple HAWP cases

This policy is developed with the understanding that:

I. the HPC's policy regarding in-kind replacements has not changed, that is - all replacement of exterior features with exactly matching materials may be done without a HAWP;

II. staff will continue to notify Local Advisory Panels (LAPs), and adjacent and confronting owners of all HAWP requests and, if a neighbor or the LAP is known to object to a proposal, then the Expedited Staff Report format will not be used;

III. if, because of the specifics of a case, staff is uncertain whether the Expedited Staff Report format is appropriate, or if an applicant requests it, then the standard report format shall be used;

IV. the Expedited Staff Report format may be used on the following type of cases:

1. Alterations to properties on which the Maryland Historical Trust (MHT) holds an easement and which have been reviewed and approved by the MHT Easement Committee.

2. Modifications to a property which do not significantly alter its visual character. These include, but are not limited to:

a repair or replacement of masonry foundations with new materials that match the original closely.

b. installation of vents, venting pipes, and exterior grills,

c. new installation of gutters.

4. Removal of asbestos, asphalt, or other artificial siding when the original siding is to be repaired, and (where necessary) replaced in kind.

5. Removal of accessory buildings which are not original to the site nor otherwise historically significant.

6. Replacement of missing architectural details, provided that at least one example of the detail to be replaced exists on the house, and/or physical or documentary evidence exists which illustrates or describes the missing detail or details.

7. Signs which are in conformance with all other County sign regulations.

9. Replacement of roofs on non-contributing/out-of-period buildings, as well as new installation of historic, appropriate roofing materials on outstanding and contributing buildings.

10. Installation of exterior storm windows and/or doors which are compatible with the historic site or district in terms of material, design, etc.

11. Construction of fences which are compatible with historic site or district in terms of material, height, location and design. Requests for fences higher than 48" to be located in the front yard of a property will <u>not</u> be reviewed through the Expedited Staff Report format.

12. Construction or replacement of walkways, parking areas, patios, driveways or other paved areas which are not readily visible from a public right-of-way and/or are compatible in material, location and design with the visual character of the historic site or district.

13. Construction or repair of retaining walls where the new walls are compatible in material, location, design and height with the visual character of the historic site or district.

14. Construction or replacement of storage and small accessory buildings which are not readily visible from a public right-of-way

15. Landscaping, or the removal or modification of existing planting, which is compatible with the visual character of the historic site or district.
