Department of Environmental Protection

FROM: Bobbi Hahn, Executive Director *BH*
Historic Preservation Commission

SUBJECT: 7300 Baltimore Avenue, Takoma Park

I have reviewed the plans of Ephraim King to install new double doors to the rear of his house at 7300 Baltimore Avenue which is within the Atlas historic district of Takoma Park (#37/3). With the concurrence of the Takoma Park Local Advisory Committee I find that this work does not constitute substantial alteration. We have no objection, therefore, to the issuance of a building permit for the work as per the submitted plans as amended to include doors 7 feet high.
