Date: August 16, 2007

MEMORANDUM

TO: Carla Reid Joyner, Director
Department of Permitting Services

FROM: Anne Fothergill, Senior Planner 
Historic Preservation Section
Maryland-National Capital Park & Planning Commission

SUBJECT: Historic Area Work Permit #460708, driveway replacement

The Montgomery County Historic Preservation Commission (HPC) has reviewed the attached application for a Historic Area Work Permit (HAWP). This application was **Approved** at the August 15, 2007 meeting.

THE BUILDING PERMIT FOR THIS PROJECT SHALL BE ISSUED CONDITIONAL UPON ADHERENCE TO THE ABOVE APPROVED HAWP CONDITIONS AND MAY REQUIRE APPROVAL BY DPS OR ANOTHER LOCAL OFFICE BEFORE WORK CAN BEGIN.

Applicant: Roland Olsen

Address: 3718 Bradley Lane, Chevy Chase

This HAWP approval is subject to the general condition that the applicant will obtain all other applicable Montgomery County or local government agency permits. After the issuance of these permits, the applicant must contact this Historic Preservation Office if any changes to the approved plan are made.

**THE FOLLOWING ITEMS MUST BE COMPLETED AND THE
REQUIRED DOCUMENTS MUST ACCOMPANY THIS APPLICATION.**

1. WRITTEN DESCRIPTION OF PROJECT

a. Description of existing structure(s) and environmental setting, including their historical features and significance:

Homeowner currently has an asphalt Driveway.
Black in color & severely damaged

b. General description of project and its effect on the historic resource(s), the environmental setting, and, where applicable, the historic district:

Replace Asphalt w/ Paving Stones. Will install over 8" of
CL-6 Base.

2. SITE PLAN

Site and environmental setting, drawn to scale. You may use your plat. Your site plan must include:

- a. the scale, north arrow, and date;
- b. dimensions of all existing and proposed structures; and
- c. site features such as walkways, driveways, fences, ponds, streams, trash dumpsters, mechanical equipment, and landscaping.

3. PLANS AND ELEVATIONS

You must submit 2 copies of plans and elevations in a format no larger than 11" x 17". Plans on 8 1/2" x 11" paper are preferred.

- a. **Schematic construction plans**, with marked dimensions, indicating location, size and general type of walls, window and door openings, and other fixed features of both the existing resource(s) and the proposed work.
- b. Elevations (facades), with marked dimensions, clearly indicating proposed work in relation to existing construction and, when appropriate, context. All materials and fixtures proposed for the exterior must be noted on the elevations drawings. An existing and a proposed elevation drawing of each facade affected by the proposed work is required.

4. MATERIALS SPECIFICATIONS

General description of materials and manufactured items proposed for incorporation in the work of the project. This information may be included on your design drawings.

5. PHOTOGRAPHS

- a. Clearly labeled photographic prints of each facade of existing resource, including details of the affected portions. All labels should be placed on the front of photographs.
- b. Clearly label photographic prints of the resource as viewed from the public right-of-way and of the adjoining properties. All labels should be placed on the front of photographs.

6. TREE SURVEY

If you are proposing construction adjacent to or within the dripline of any tree 6" or larger in diameter (at approximately 4 feet above the ground), you must file an accurate tree survey identifying the size, location, and species of each tree of at least that dimension.

7. ADDRESSES OF ADJACENT AND CONFRONTING PROPERTY OWNERS

For **ALL** projects, provide an accurate list of adjacent and confronting property owners (not tenants), including names, addresses, and zip codes. This list should include the owners of all lots or parcels which adjoin the parcel in question, as well as the owner(s) of lot(s) or parcel(s) which lie directly across the street/highway from the parcel in question. You can obtain this information from the Department of Assessments and Taxation, 51 Monroe Street, Rockville, (301/279-1355).

**PLEASE PRINT (IN BLUE OR BLACK INK) OR TYPE THIS INFORMATION ON THE FOLLOWING PAGE.
PLEASE STAY WITHIN THE GUIDES OF THE TEMPLATE, AS THIS WILL BE PHOTOCOPIED DIRECTLY ONTO MAILING LABELS.**

- Approval with conditions

ARCHITECTURAL DESCRIPTION

SIGNIFICANCE: Contributing Resource
 STYLE: Colonial Revival Four Square
 DATE: c. 1916-27

PROPOSAL

The applicants are proposing to replace the existing asphalt driveway with stone pavers. The driveway will have the same dimensions as the existing driveway. Chevy Chase Village has reviewed and approved the proposal.

APPLICABLE GUIDELINES

Approval is based on the approved and adopted amendment for the *Chevy Chase Village Historic District*, the *Secretary of the Interior's Standards for Rehabilitation*, and the following criteria from Chapter 24A of the Montgomery County Code, Section 8(b): The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

- 1. The proposal will not substantially alter the exterior features of an historic site, or historic resource within an historic district; or
- 2. The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site, or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

- 3. The proposal would enhance or aid in the protection, preservation and public or private utilization of the historic site, or historic resource located within an historic district, in a manner compatible with the historical, archeological, architectural or cultural value of the historic site or historic district in which an historic resource is located, or
- 4. The proposal is necessary in order that unsafe conditions or health hazards be remedied; or
- 5. The proposal is necessary in order that the owner of the subject property not be deprived of reasonable use of the property or suffer undue hardship; or
- 6. In balancing the interests of the public in preserving the historic site, or historic resource located within an historic district, with the interests of the public from the use and benefit of the alternative proposal, the general public welfare is better served by granting the permit.

and with the general condition that the applicant shall present the **3 permit sets of drawings – if applicable – to Historic Preservation Commission (HPC) staff for review and stamping** prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits.

OUR QUALITY IS SET IN STONESM

Let a Systems Paving professional show you how your home will look in just minutes....

As easy as 1,2,3

1. We'll take a digital photo of your house and driveway and download it into our laptop computer, using our exclusive PaverImager® program.

2. We'll show you how it looks "before" and "after" on the laptop. You'll be amazed what a difference Systems Paving can make.

3. We'll let you try out many different combinations of design and colors. So you can see exactly which one suits your taste and style.

There's absolutely no cost and no obligation to buy. We'll even give you a free design consultation and estimate. Please call us toll-free at

1-877-728-3513

Try this simple test:

Stand out in front of your home. What's the first thing you notice? Does your driveway add to the beauty and value of your house – or does it detract from it?

Concrete cracks. Asphalt always needs replacing. There has to be a better solution.

There is – a unique interlocking paving stone system that's so strong and so durable, it's almost maintenance free. It's called Systems Paving, and it's already been installed in thousands of homes like yours.

Systems Paving stones won't crack or sustain damage from heat, cold or moisture. They're ideal for shifting soil and extreme weather conditions. In fact, they are guaranteed for life. And they provide a non-skid, non-slip surface in any kind of weather.

There's no better investment for your home

Every Systems Paving solution is one-of-a-kind. They come in over 50 colors, shapes, and endless customized designs – so you can get the perfect design to match your house.

Systems Paving can add beauty and value to any home. And now you can see how much it will add to yours – when we show you "before" and "after" digital photographs of your home.*

Once installed, a Systems Paving solution can add considerable value to your home. It adds to the "curb appeal" too – because it's the

first thing people notice when they drive up.

You'll also be pleasantly surprised at the price. And right now is an excellent time to buy.

There's no better time to buy

Systems Paving is offering unbelievable savings on the cost of replacing your old cracked, worn-out driveway, walkways, patio or pool deck.

Call us toll-free at **1-877-728-3513** and we'll provide you with a no-cost, no-obligation design consultation and an estimate for your house. You may also qualify for our special No Payments, No Interest financing option for up to 6 months.

And now – with our special digital photo capability – you can see how your home will look before you make your decision.

* Please note: depending on specific home and layout, it may not be possible to take a digital photograph.
** Actual colors of paving stones may vary from colors shown in digital photo

Here's why we say "Our quality is set in stone."®

1. We don't simply pave over the problem. We remove the existing surface down 5 1/2" – 11 1/2".
2. Then we install 2"-8" of crushed aggregate base to create a firm but flexible foundation.
3. Next we add a 1" layer of sharp-angled bedding sand.
4. Individual Paving Stones are then placed by hand into the bedded sand, to ensure a perfect fit. Then a plate vibrator is passed over the stones, locking them into place.
5. Finally, a layer of sand is swept over the Paving Stones. We pass the plate vibrator over the surface a second time, forcing the sand into the joints from the top. This completes the permanent interlocking process.
6. We also place concrete edge beams to protect the Paving Stones from shifting.

Please don't take our word for it...

See for yourself! Let Systems Paving show you the "after" – before it costs you anything!

Just call us toll-free at 1-877-728-3513, and we'll take a digital photograph of your home. And there's absolutely no cost or obligation.

quality of our
work is set in stone.

Over 19,000
homeowners agree

Systems Paving is a national organization that is committed to the highest quality materials and workmanship.

We have installed our customized solutions in over 19,000 locations, and we have countless letters from our customers thanking us.

Here are just a few examples:

"We were looking for a special, intricate pattern for our driveway. And they gave us exactly what we wanted."

—The Taylors

"As a contractor, I know how work should be done. And they're real perfectionists. They pay close attention to detail."

—The Thomas'

"The new driveway that Systems Paving has just completed at my home is most attractive and very impressive. In fact, my neighbors call it 'gorgeous' and 'terrific'. You changed an ugly cracked and bumpy 'alligator' into an inviting and welcoming approach that I am sure added a great deal to the value of the house."

—Jacqueline Gist

What makes a
Systems Paving Solution
such an excellent
investment?

1. You will enjoy it every single day.
2. You will never have to redo or replace your driveway or walkway, pool deck or patio.
3. Your Systems Paving stones are guaranteed for life.
4. You'll increase the value of your home – should you ever decide to sell.
5. You may even get tax advantages. A Systems Paving solution qualifies as a home improvement, and may have some tax advantages. Please consult your tax advisor.

And now you can see how your home will look with no cost and no obligation.

Stand out in front of your home. What's the first thing you notice? Does your driveway add to the beauty and value of your house – or does it detract from it?

Concrete cracks. Asphalt always needs replacing. There has to be a better solution.

There is – a unique interlocking paving stone system that's so strong and so durable, it's almost maintenance free. It's called Systems Paving, and it's already been installed in thousands of homes like yours.

Systems Paving stones won't crack or sustain damage from heat, cold or moisture. They're ideal for shifting soil and extreme weather conditions. In fact, they are guaranteed for life. And they provide a non-skid, non-slip surface in any kind of weather.

There's no better investment for your home

Every Systems Paving solution is one-of-a-kind. They come in over 50 colors, shapes, and endless customized designs – so you can get the perfect design to match your house.

Systems Paving can add beauty and value to any home. And now you can see how much it will add to yours – when we show you "before" and "after" digital photographs of your home.*

Once installed, a Systems Paving solution can add considerable value to your home. It adds to the "curb appeal" too – because it's the

first thing people notice when they drive up.

You'll also be pleasantly surprised at the price. And right now is an excellent time to buy.

There's no better time to buy

Systems Paving is offering unbelievable savings on the cost of replacing your old cracked, worn-out driveway, walkways, patio or pool deck.

Call us toll-free at **1-877-728-3513** and we'll provide you with a no-cost, no-obligation design consultation and an estimate for your house. You may also qualify for our special No Payments, No Interest financing option for up to 6 months.

And now – with our special digital photo capability – you can see how your home will look before you make your decision.

* Please note: depending on specific home and layout, it may not be possible to take a digital photograph.

** Actual colors of paving stones may vary from colors shown in digital photo.

Here's why we say "Our quality is set in stone."[®]

1. We don't simply pave over the problem. We remove the existing surface down 5 1/2" – 11 1/2".
2. Then we install 2"-8" of crushed aggregate base to create a firm but flexible foundation.
3. Next we add a 1" layer of sharp-angled bedding sand.
4. Individual Paving Stones are then placed by hand into the bedded sand, to ensure a perfect fit. Then a plate vibrator is passed over the stones, locking them into place.
5. Finally, a layer of sand is swept over the Paving Stones. We pass the plate vibrator over the surface a second time, forcing the sand into the joints from the top. This completes the permanent interlocking process.
6. We also place concrete edge beams to protect the Paving Stones from shifting.

Please don't take our word for it...

See for yourself! Let Systems Paving show you the "after" – before it costs you anything!

Just call us toll-free at 1-877-728-3513, and we'll take a digital photograph of your home. And there's absolutely no cost or obligation.

The quality of our
work is set in stone.*

Over 19,000
homeowners agree

Systems Paving is a national organization that is committed to the highest quality materials and workmanship.

We have installed our customized solutions in over 19,000 locations, and we have countless letters from our customers thanking us.

Here are just a few examples:

"We were looking for a special, intricate pattern for our driveway. And they gave us exactly what we wanted."

—The Taylors

"As a contractor, I know how work should be done. And they're real perfectionists. They pay close attention to detail."

—The Thomas'

"The new driveway that Systems Paving has just completed at my home is most attractive and very impressive. In fact, my neighbors call it 'gorgeous' and 'terrific'. You changed an ugly cracked and bumpy 'alligator' into an inviting and welcoming approach that I am sure added a great deal to the value of the house."

—Jacqueline Gist

What makes a
Systems Paving Solution
such an excellent
investment?

1. You will enjoy it every single day.
2. You will never have to redo or replace your driveway or walkway, pool deck or patio.
3. Your Systems Paving stones are guaranteed for life.
4. You'll increase the value of your home – should you ever decide to sell.
5. You may even get tax advantages. A Systems Paving solution qualifies as a home improvement, and may have some tax advantages. Please consult your tax advisor.

And now you can see how your home will look with no cost and no obligation.
